Street Address	City	State	Zip

One (1) copy of a Site Plan for commercial demolition, (residential does not require a site plan) indicating the following, must be submitted along with the completed Application and Demolition Permit Fee:

1. Attachment of approval from DEP (residential & commercial).
2. The size and location of all buildings or structures to be demolished, distances to property lines and distances to sidewalks, pavement and curbs where they abut property lines:
3. Size and location of any existing buildings or structures that will remain on the site:
4. Area to be filled to existing grade and seeded or to be fenced and otherwise protected in anticipation of new construction; and, if applicable,
5. Location, dimensions and construction details for pedestrian protections required in section 3306 of the International Building Code.

Asbestos Identification and Mitigation in Commercial Structures

The permit holder or their designated contractor shall engage at their own cost, an AHERA building inspector to perform an asbestos survey of said structure. This survey shall identify areas of asbestos concentrations and recommend standard mitigation measures. All materials suspected to be or knowingly containing asbestos shall be removed and disposed of in accordance with all local, state, and federal regulations.

Signature of Owner or Authorized Agent

Date

NOTE: A permit will not be issued until DEP permits are issued.
